Alumni Panel and Virtual Information Session:
Opportunities in Caregiver Policy
Monday, March 4, 2024
12:00-1:00 PM EST

Register here

The Health and Aging Policy Fellows program develops a diverse cadre of leaders to serve as change agents in health and aging policy. The goal is to improve the lives of older adults and caregivers. The year-long fellowship offers a rich and unique training and enrichment program focused on policymaking, communication skills, and professional networking.

The Caregiver Policy Track funds Fellows based in and serving Western New York (Allegany, Cattaraugus, Chautauqua, Erie, Genesee, Monroe, Niagara, Orleans, Wyoming County) and Southeastern Michigan (Livingston, Macomb, Monroe, Oakland, St. Clair, Washtenaw, or Wayne County) to gain direct experience in the process of development and implementation of policies at the state and federal levels to improve the lives of older persons and caregivers in the targeted area.

Learn more about caregiver policy and the opportunities available through the Health and Aging Policy Fellows Program. Alumni fellows will discuss their fellowship experiences and subsequent work, including their focus on caregiver policy.

Panelists:
Lauren Bangerter, PhD
